Black Spey

Hook: 6 to 1/0
Thread: 6/0 black
Tag: Medium flat silver tinsel
Body: Black floss
Rib: Medium oval silver tinsel
Hackle: Black spey hackle
Wing: 2 black saddle hackles

Tying Instructions:

- Tie in flat silver tinsel on bend of hook, make 3 or 4 wraps, secure with thread and trim.
- Tie in oval rib and black floss.
- Wrap floss forward 1/2 way up hook shank and secure with thread but do not trim.
- Then wrap oval tinsel over floss and secure with thread at mid-point of hook shank, but do not trim.
- Tie in a black spey hackle by its tips.
- Wrap floss around spey hackle and secure with thread at eye of hook, and trim.
- Wrap oval tinsel over floss and around spey hackle and secure with thread and trim.
- Wrap the spey hackle forward, pulling fibers back after each stroke, secure with thread at eye of hook and trim.
- Tie in 2 black saddle hackles for wing, make sure dull sides are facing in.
- Form a neat head with thread, whip finish, and head cement.

Down and Dirty

Hook: 8 - 1/0

Thread: 6/0 Black

Tail: Purple marabou w/ black krystal flash

Body: Black rabbit strip

Tying Instructions:

- Tie in a clump of purple marabou at bend of hook for tail.
- Then tie in a few strands of black krystal flash on both sides of the marabou tail.
- Tie in a black rabbit strip and wrap it forward to eye of hook, stroking rabbit fur back as you wrap.
- Trim, whip finish, and head cement.

General Practitioner

Hook: #2/0-8
Thread: 6/0 Orange
Tail: Orange Calf Tail
Body: Orange Dubbing
Rib: Oval Gold Tinsel
Hackle: Orange Saddle
Wing: Golden Pheasant

Tying Instructions:

- Start by tying in the tail. Should be slightly longer than the shank.
- Tie in the rib and hackle.
- Dub a thin body almost up to the eye.
- Rib the fly with several wraps and wrap forward the hackle.
- Tie in 2 Golden pheasant feathers for the wing and whip finish.

General Practitioner (Black)

Hook: 4 - 1/0 salmon
Thread: 6/0 Black
Tail: Black squirrel tail
Body: Black mohair or wool
Eyes: Golden pheasant tippet feather
Rib: Medium, oval, silver tinsel
Hackle: Black cock neck feather
Wing: Black spade hackles
Note: Black plastic eyes can be substituted for golden pheasant tippet feather

Tying Instructions:

- Tie in squirrel tail at bend of hook for tail, tail should be long.
- Tie in silver oval tinsel for ribbing.
- Tie in black mohair.
- Fold black cock neck around its stem so that one side has no hackle tips and tie it in at bend of hook.
- Wrap mohair 1/2 way up the hook shank and then secure with thread, but do not trim butt.
- Tie in golden pheasant tippet feather, out back extending from middle of body to just past the body.
- Continue wrapping mohair forward to just before eye, secure with thread and trim.
- Then wrap ribbing over mohair, pull pheasant tips up so you are sure not to wrap the ribbing over the feather. Secure with thread and eye of hook and trim.
- Next wrap the cock feather forward, make sure not to wrap over the pheasant tippet. Pull hackle fibers back as you wrap forward. Secure with thread at eye of hook and trim.
- Tie in two black spade hackles on top of body extending back to about half way down the tail.
- Form a small head with tying thread, whip finish, and head cement.

Greased Liner

Hook: 4 - 1/0 Salmon
Thread: 6/0 Black
Tail: Natural deer hair
Body: Black seal fur
Wing: Natural deer hair
Head: Butts from wing

Tying Instructions:

- Tie in a clump of natural deer hair at bend of hook for tail. Tail should be short. About 1/4 length of the body.
- Spin black seal on to thread and wrap forward, leaving enough room for head.
- Tie in a clump of deer hair over the back for wing. The wing should extend back to end of tail. Trim butts of wing to form a small head.
- Whip finish and head cement.
